Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	Hi I have seen this application, and wanted to say that as a member of the public, who occasionally goes to Saint Hill's public events, I

have no objection to this.

When the events are on there, the parking and traffic are inevitably heavier and if there are more easily accessible parking spaces inside the premises, this is certainly going to ease any congestion outside the premises.

On top of that consideration, there are lots of local members of the public who go to the events at Saint Hill, and they are definitely events that benefit the community and if this planning application helps those events run more smoothly that will benefit a lot of people.

Kind regards
