Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to this application as it will cause long-term harm to the environment and natural beauty this area already enjoys. Cycle paths will be destructive to trees, plants and wildlife. Fences will disrupt natural boundaries and form barriers for wildlife which currently move through the area unhindered. An increase in visitor numbers will further have a destructive impact. This area is already biodiverse and enjoyed by locals. This proposal does nothing to increase enjoyment of the countryside but has potentially huge negative implications on the landscape.

Kind regards
