Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application

Reasons for comment:

Comments: I agree and support the application to have the Pine Tree replaced.

My neighbours agree :- Even if the Pine Tree is considered healthy no tree expert can 100% confirm that it will not fall down.

Remove the risk of property damage or anyone being injured or killed.

The safety of children and parents walking past on the way to school has also been raised by KPS the expert tree surgeons on the application.

I am also worried that the Pine Tree is now leaning towards the road.

In my opinion - its huge size and being so close to property and the road supports the request for the tree to be replaced.

Please accept this application so we can improve the safety of our road / replacement is

the answer.

Kind regards
