Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I strongly object to this new development, as a local resident with a young family this area was appealing to me to move to. It will cause major traffic and disruption to not only access to services but to the current infrastructure. There is poor access on the small narrow roads and the local scenery will be greatly affected. The green land we have is vital to the health and wellbeing of local residents and having housing here will affect this. There are no benefits for this development at all. If this does go

ahead, it will open up other opportunities from other developers across the other fields which will be a huge eyesaw and a direct impact on schools and GPs.
This should be stopped.

Kind regards
