Dear Mr. Joseph Swift,

I am writing to formally object to the planning application DM/26/0073 for 44 new homes. As a local resident, I believe this development is unsuitable for the following reasons:

1. **Impact on Highway Safety:** West Hoathly Road already struggles with traffic volume. The addition of 44 dwellings will significantly increase vehicle movements, creating a hazard at the proposed access point.
2. **Character of the Area:** The proposed density is too high for this rural-edge location. It represents an over-development that will harm the visual amenity and the transition between East Grinstead and the surrounding countryside.
3. **Pressure on Local Services:** East Grinstead's infrastructure, particularly our GPs and schools are already overstretched and cannot accommodate the influx of residents from a development of this scale.
4. **Environmental Impact.**

For these reasons, I urge the Council to refuse this application.

Many Thanks
