Good day,

I have concerns regarding the above noted planning Application for all of the following reasons:

- Overlooking/loss of privacy
- Loss of light or overshadowing
- Parking
- Highway safety
- Traffic
- Noise
- Effect on listed building and conservation area
- Layout and density of building
- Design, appearance and materials
- Government policy
- Disabled persons' access
- Proposals in the Development Plan
- Previous planning decisions (including appeal decisions)
- Nature conservation

Please review this matter carefully and deny the application as it stands currently.

Respectfully,

Canada
