To the Planning Department,

As a homeowner in Ansty and Staplefield Parish, I fully support planning application DM/26/0454.

Local housing reports and our day-to-day experience show that Ansty needs more appropriately sized 2 and 3 bedroom family homes. These will allow people with ties to the parish—children of existing residents, young couples, and downsizers—to stay within the community rather than relocate elsewhere.

The development is exactly the type of provision our parish requires.

Thank you for considering my comments relating to Land Parcel At, Bolney Road, Ansty, West Sussex.

Regards,
