Attachments: REA Architects - Jpeg photos of coloured elevations

[REDACTED]

Following on from a very encouraging and supportive site meeting regarding our proposed planning application for 42 Covert Mead, on Friday 17th October 2025. I have attached both PDF and Jpeg versions of the proposed coloured elevations drawings as requested.

The proposed materials are listed on each drawings, with regards to the proposed brickwork we will endeavour to find a brick to match the original face bricks of the house, via a brick sourcing agent.

In the meantime, I hope you will accept these drawings as an acceptable submission the relieve the material condition under a future planning consent as discussed.

I look forward to hearing from you.

With kind regards
