

Rock

An architectural elevation drawing of a two-story brick house. The house features a gabled roof with a balcony on the upper level, supported by a metal railing. The middle level has a row of four windows. The ground level includes a garage with a vertical door and a set of double doors. The drawing uses white lines for the brickwork and shadows to indicate depth and lighting.

Front Elevation

An architectural rendering of a modern building facade. The lower portion of the facade is made of light-colored brick. The upper portion is covered in horizontal cladding. A central window is set into the upper section, with a dark shadow cast to its right. To the left, a vertical column features a grid of small squares. The entire rendering is set against a white background.

ht Flank Elevation

This architectural floor plan illustrates a room layout. The central feature is a large rectangular area with a blue dashed line pattern. To the right of this area is an 'Ensuite' containing a rectangular fixture. Below the central area is a 'Cpd' (cupboard). To the right of the 'Cpd' is a 'Landing' with a staircase. Below the 'Landing' is a 'Bed 1'. At the bottom of the room is a bathroom with a bathtub and a toilet. The entire room is enclosed by a black border, and the overall layout is symmetrical.

Second Floor

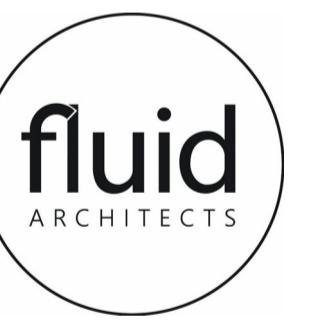

This architectural floor plan illustrates the layout of the First Floor. The plan features two bedrooms, Bed 2 and Bed 3, located in the upper portion of the floor. A central corridor (Cpd) connects these bedrooms to a bathroom and a landing area. The landing area also provides access to a staircase. The plan is enclosed in a black border, and the text "First Floor" is positioned at the bottom left.

An architectural elevation drawing of a two-story brick house. The house features a gabled roof with a central dormer window containing two panes. The exterior is made of light-colored brick. The ground floor has a central entrance with a glass door and sidelights, flanked by two windows. The upper floor has a row of four windows. The drawing includes vertical lines for the brick pattern and horizontal lines for the roof and window frames.

Rear Elevation

An architectural elevation drawing of a two-story brick building. The upper story features a horizontal band of horizontal siding. A single rectangular window is centered in the middle of this band. The lower story is made of brick and has two rectangular windows, one on each side of a vertical brick chimney on the right. The roofline is simple, with a slight overhang at the eaves.

MERROW WOOD

FL24-2191-135

This architectural floor plan illustrates the layout of the Ground Floor. The plan includes the following rooms and features:

- Living:** Located on the upper left, this room contains a sofa set and a television set.
- Dining:** Located on the upper right, this room contains a dining table and four chairs.
- WC / Utility:** Located on the middle left, this room contains a washbasin and a toilet.
- Kitchen:** Located on the middle left, this room contains a sink, a range hood, and a built-in oven.
- Entrance Hall:** Located on the middle right, this room contains a staircase leading up.

The plan also shows various blue dashed lines representing internal partitions and furniture placement, as well as a central circular dashed line indicating a circular feature or opening. The entire floor plan is enclosed within a black border.

Ground Flo

This architectural section drawing illustrates a building's vertical profile. The structure features a central staircase with a zigzag pattern. To the left of the staircase, there is a room with a height of 9962. To the right, there are two rooms, each with a height of 2400. The drawing uses black lines for structural elements and white space for interior rooms. A vertical axis is shown on the left side.
