Subject: Objection to planning application DM/26/2026 60A Gower Road

Good Morning

We would like to object to the above planning application on the basis of privacy.

We overlook 60A Gower road and think the proposed extension will overlook our property (15 Selby Court). Mr Donohoe has already cut back his hedges (also on our side) this has meant we have had to cover our side of the garden for our privacy. We formally object on the basis of privacy.

I have noticed two refused applications on this property already.
