Comments Details

Commenter Type:	Business or other organisation
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	We are in full support of the application. We run an Equestrian Wholesale Business in West Sussex and feel that this type of well thought out facility at the applicant's home will support their string of showjumping horses, which are currently kept on livery elsewhere.

As the horses are high-level showjumpers, top-class facilities are vital to support their training.

It is imperative that the horses can be kept fit all year round, in all weather conditions.

The indoor arena and covered horse walker are also essential for exercising horses, especially in winter when the ground is wet.

In our experience we also believe that the outdoor arena is key for training over a full BSJA & FEI-standard showjumping course.

We look forward to continuing to watch Luca and his riding journey and wish them all the best in this application.

Kind regards
