Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I fully support this application, the applicant has kept me fully informed on the process and I have seen the plans and walked the site with him, as our property is the only one within sight of the land where the application is for I am quite happy that the siting of the application will not interfere with us in any way and with the

hedgerows and trees that are on our boundary should not need any further screening.

Kind regards
