Reasons for comment:	
Comments:	I strongly oppose this application and will fight hard against any decision to go ahead. I believe that the positioning of the tower will be directly visible to us. I walk in the area daily, as do many members of public and consider this green space to be absolutely vital for Burgess Hill. The construction/repair work to the railway a few years ago (emergency underpinning after a landslip) is an eye-sore. There is a dead oak tree directly in our line of view from the rear of the property. This tree died during this work. Further

major construction work will only further destroy, trees and wildlife.

PLEASE DO NOT ALLOW THIS INSTALLATION TO HAPPEN!

I would like to know how many letters for this application have been delivered to my neighbours.

Kind regards
