Peter, sorry for the late reply. I have a lot on at the moment. I will get plans over to you by tomorrow.
The close boarded fence belongs to No. 83.
The house was bought as a 5 bed but the 2 bedrooms in the loft have now been converted to a 1 bed so now a 4 bed house.

Hi Andy,

Having now visited to view the proposal, some additional plans are required.

The side elevation does not show the side door to be installed on the side of the garage where the existing extension is. I would need a plan showing this part of the extension of the garage as well as an elevation showing the front of the proposed garage extension as the plans only show the false garage door inline with the front house extension.

I would also need a plan showing the side of the wall where the window is to be installed on the ground floor bathroom as the elevations only show the supporting side wall as part of the false garage door.

When I visited there was a close board fence along the shared boundary with no. 83. Please can you confirm if this is to be retained?

Please can you confirm how many bedrooms the property has?

Kind regards

Peter
