You don't often get email from clerk@lindfieldrural-pc.org.uk. [Learn why this is important](#)

Dear Hamish,

Would you kindly add the following comment from LRPC to this consultation please, as it has gone from my screen.

LRPC would like to comment If the application is granted, there should be an ongoing condition requiring that the safety splays are maintained and that any resultant/consequential water flow onto the A272 are managed effectively by the applicant. The precedent for this request is the nearby spring which delivers hazardous ice and surface water conditions along this fast stretch, which WSCC struggle to deal with satisfactorily.

Kind regards

Santi
