Subject: Application Ref: DM/25/0033 - 2 Turners View, Cuckfield, Haywards Heath, West Sussex, RH17 5SW

[REDACTED]

Dear Mr. Davies,

We write in SUPPORT of this application for a pre-fabricated aluminium pergola at the above property.

As immediate neighbours, at 4 Turners View, we are content that this proposal is well considered, and will not be harmful to the design or amenity of the wider Hanlye View development. The materials and finish chosen for the proposed pergola are similar to those used on the windows and doors of the houses, and furthermore match with the finish of the various Garden Rooms provided on adjacent plots.

The pergola, as positioned at the south-west corner of the plot, will, in fact, be immediately adjacent to two of the Garden Rooms in the gardens of the plots that face Horsgate Rise. We consider that the proposed pergola is likely to fit in with these features, and, with a similar height and identical anthracite finish, will look entirely appropriate and in keeping with the existing development.

Therefore, we are pleased to support the proposed application.

Please do not hesitate to contact us if you require any further clarification in respect of this consultation response.

regards,
