Tree Location

Tree Location	
Do all trees stand at the applicant address?	No
Full address /location of the site where the tree(s) stand	Footpath at side of applicant's address

Location Description	next to 70 Kingsway runs a footpath, which can be accessed from top of Cants lane where it turns into Kingsway. On that footpath next to the applicant's garden stands a great big oak tree next to the footpath, accross from her garden gate.. This can also be seen from outside 70 Kingsway, from the road. The oak tree is on south side of garden and blocks day light from the garden, among other things.
-----------------------------	--

Ownership of Trees

Label	
Is the applicant the owner of the trees?	No
Owner Details	
First name	Council
Last name	
Phone number	
Email address	
Address	No idea who the tree belongs to, my guess is the council.

TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	Yes
Are you wishing to carry out works to tree(s) in a conservation area?	No
If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	This is an application to have the canopy thinned out on an oak tree which stands south side of 70 Kingsway, outside garden on the footpath, between 70 Kingsway and Partridge Close on the new estate. This tree is very tall and big, and canopy needs thinning out to allow more sunlight through and hopefully into applicant's garden at 70 Kingsway. This is not the first time an application for thinning of teh canopy has been made. Last time this was approved was late 2019, although due to adverse weather and then covid the works were never carried out. The tree is now in serious need of thinning of canopy, before the leaves start. The applicant does not know who the tree belongs too, it is assumed it is council land, but when enquiring no-one is claiming ownership and responsability for this tree or any other trees outside of all teh propeeties at bottom of Kingsway and Johnson's Drive. It would be great if someone did say they owned the land and thus the trees, and applicant did not have to pay for all the works carried out on all the trees surrounding the property, and applicant can start claiming for damage done by falling branches of the oak tree in question and damaging the shed in garden at 70 Kingsway.

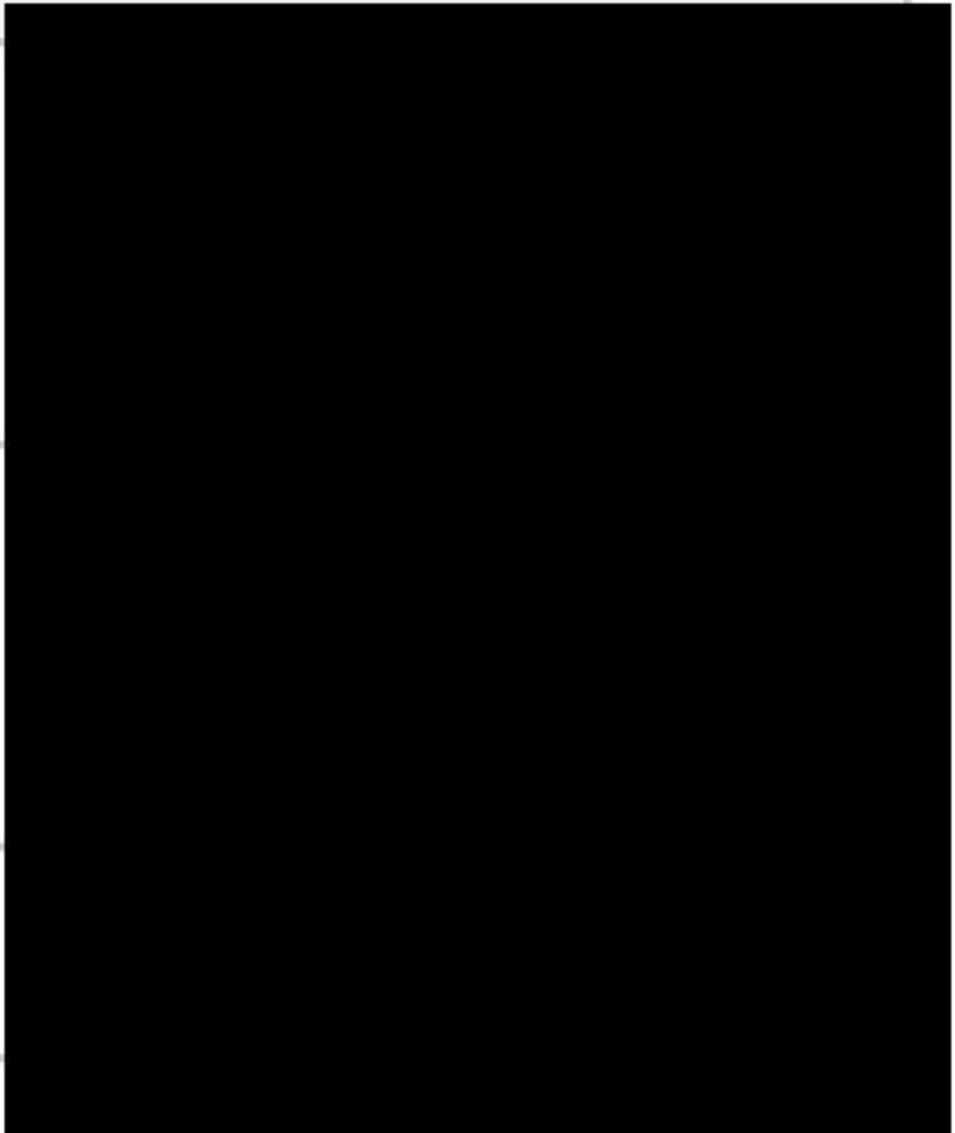

Additional Information

ADDITIONALINFORMATION	
For all trees	
Sketch plan clearly showing the position of trees listed in the previous question	Screenshot_20260118_100544_Maps.jpg (download)
For works to trees covered by TPO	
Please provide a reason why you wish to perform these works	The tree needs thinning out, there are a lot of storm damaged branches which are unsafe over a footpath and also doing damage to the garden shed at 70 Kingsway. There is lack of sunlight in the garden at 70 Kingsway too, the tree stands south of the garden. In winter when the tree is bare the day light is excellent, once leaves are there, garden is in the permanent shade Applicant likes growing their own vegetables, which are not succesfull due to lack of direct sunlight.
Condition of the trees(s)	Yes
Advice /Diagnostics	20260118_100351.jpg (download)
Alleged damage to property	No
Report/Evidence	
Are you providing separate information?	Yes
Please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application.	

Authority/Employee
