Reasons for comment:	
Comments:	I believe that the provision of a car park where parking has already regularly taken place makes good sense. The main Church event in October brings thousands of visitors for a week or so and raises funds for charities and also business for local hotels and guest houses and catering. The car park will also provide facilities for the local rugby club and sports clubs in the area. The parking spaces will only be used at specified dates and times. It does not affect the scenery in the area. I am a Church member and my family regularly attend services at Saint Hill.

Kind regards
