Subject: DM/26/0568 - Network Rail London To Brighton Railway - Copyhold Junction To Haywards Heath Station Clair Road Haywards Heath West Sussex

Hi Hamish,

I have reviewed the cover letter and ecological impact assessment for this proposal and note that no trees are to be removed to facilitate it. The proposed works only comprises of some minor pruning work and a small amount of scrub clearance. From an arboricultural perspective, there is no issue with the proposed work to the trees/ scrub. I note that the scrub clearance is within the 15m buffer zone of Ancient Woodland, but that would be a matter for Ecology.

If anything changes and trees do need to be removed, then please reconsult me, but as it stands, I have no objection.

Kind regards

Emma
