Reasons for comment:	
Comments:	I attend the the year International Associationa of Scientology convention which last for about 5 days. During this period parking is very difficult for us local , also there are thousands of people coming from around the world, some come by car and some arrive and come by taxi. East Grinstead as a Twon make thousands of money during these events, the local business boom during these period, the event brings wealth to the economy of East Grinstead and to England as a whole. It is also professional and eco friendly as it would add to the beauty of the grounds. Having this project built would surport the area and the neighbours around Sain Hill. So I strongly surport the project. Thank you for giving me the opportunity to voice my opinion. Ebitimi McQuade.

Kind regards
