| Comments:            | <p>I have seen and read this application, and would like to say that I support the application in its entirety, and in my opinion it all makes perfect sense.</p> <p>I have visited Saint Hill during the times that the events are held, and the marquee makes no impact on the surrounding area, and the parking facilities that they use at the moment certainly need upgrading, as it is always very muddy....this slows down entrance to the castle and impacts on the access and speed of access which causes traffic issues in the road.</p> <p>I am aware that people like to complain about any changes or improvements that Saint Hill try to make, and I just wanted to say that as someone who has no ties to Saint Hill, I think that this application deserves support, and makes complete sense.</p> |
