Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer made comments neither objecting to or supporting the Planning Application
Reasons for comment:	
Comments:	Documentation is not sufficiently clear about emergency access to a development of 550 properties. There appears to be only one access road currently scheduled that I would suggest is insufficient for such a large development. This will not only lead to a build up of traffic at peak times but may in certain circumstances mean that emergency services may be prevented from entering this area.

Kind regards
