Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I object to the change of planning at the old Brick Works which will put added pressure on our electricity grid by not adding the solar panels that the developers used as leverage to get the planning in the first place. Government guidelines already highlight the importance of solar panels on new builds, this development should not be allowed to go back on their promise to do this

Kind regards
