Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	I would like to formally object to the proposed removal of solar panels from the new-build homes in Sharpthorne. This directly contradicts both national and local planning objectives. In a village that regularly experiences power cuts and supply sustainability - this seems very short-sighted. The increase in electrical demand will put extra pressure on an already stretched system.

Sustainability was presented as a core feature of the scheme and should not now be withdrawn as a cost-saving exercise to the developer.

Kind regards
