Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	Since we moved into our property in 2022, we have had numerous power cuts as the electricity supply to the neighbourhood is not sufficient. The proposed development at the Brick Works will only add to the drain on this already fragile infrastructure. The villagers were assured that the new houses would have solar panels so that it would not put a further strain on our already erratic supply. Now that planning has been granted,

the developers are proposing this change, most probably to save a lot of money, which is not fair on the rest of the village.

Kind regards
