Commenter Type: Neighbour or general public

Stance: Customer objects to the Planning Application

Reasons for comment:

Comments: The infrastructure in the village is such that there is no way that we can support this development. The road through the village is only a country road and already is used as a by pass for Crawley, the traffic is dreadful and this will only add to the congestion. No thought has gone into this development, we are already struggling with getting doctor appointments, dentists are hard to come by, and there is very little bus service. All I can say is that money

talks, you should be looking at the infrastructure and needs of the village before allowing further unsustainable development.

Kind regards
