Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I support this application. Replacing the existing amateur radio mast and antenna will allow the applicant to continue their hobby using amateur radio equipment. The proposal is proportionate, has minimum visual impact and is unlikely to adversely affect neighbouring properties or the character of the area. As a fully licenced Radio Amateur for over 40 years, I see no reason why planning permission should be granted.

Kind regards
