Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	1) undetermined right of way My family, including my teenage kids use this right of way and have done for a number of years. How can houses be built if the local residents have a right of way? It's wrong to allow building if this hasn't been resolved 2)loss of green ope space and diversity 11 acres of beautiful open grassland destroyed, protected species will have habitats ruined, black redstart, woodpeckers, buzzards, sparrow hawks, and red kites. Also deer, fox and bats. This would

be so upsetting to lose these animals and open space.

3) infrastructure

Local schools, drs, dentist, hospitals are under pressure.

Drs can't see patients waiting lists are weeks, hospitals are overstretched and a&e is a hell hole, beds side by side blocking corridors, waiting for hours upon hours as they can't cope with the case loads, s hooks are at capacity,.

Roads are gridlocked daily.

Water - who will be sorting out the issue with lack of water ?

Please don't allow this to go ahead, let our families have some green space, we are fortunate enough to live in this area because we want to have green fields not all concrete buildings.

Kind regards
