Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	We object to the window planned for the first floor (bedroom) as this will look directly into our living room through our two skylights. This will be a significant invasion of privacy. If a window were to be added looking directly into our living room from the first floor then it should be frosted glass and non-opening.

Kind regards
