

INTRODUCING GEOWALL RETAINING WALL SOLUTION

GeoWall is a precast concrete slab, cast in a decorative mould featuring a timber effect finish, with an expected life expectancy of a minimum of 60 years. This particular system is capable of retaining up to a height of one meter finished ground level to the top of wall.

GEOWALL PANELS

GeoWall is available in three different lengths, allowing it be used in a variety of differing applications.

GeoWall is available in two colours Oakwood, and Slate Grey. Both Colours are a textured wood effect finish.
