Dear Mr Rogers

I am writing regarding the above planning application.

As the site is located within a Red Impact Zone for Great Crested Newts I have consulted our Naturespace Newt Officer.

The application is currently awaiting a comment from that consultee, which is expected by 14.05.2026, ahead of my recommendation and the decision.

As I shall be on Leave from Friday this week, 8th May, returning on Monday 18th May 2026, I shall be grateful if you can agree an extension of time for the decision target date for the application to 22.05.2026? Please can you send me a return email to confirm your clients agreement to this request?

I shall be available today to discuss the application, but I intend to be away from my office most of tomorrow, to carry out site visits across the district.

Regards

Anna
