Subject: DM/26/0184 - Unit A Consort Way, Burgess Hill
Attachments: DM 26 0184 letter recon Apr 26(1).pdf

Dear Peter,

I refer to the above discharge of condition application under consideration and the further information received in respect of conditions 13 and 14.

The Lead Local Flood Authority (LLFA) has considered the additional information. I have attached their comments in full. Unfortunately, they are still requesting further information in respect of both conditions which are detailed in the attached. I am therefore currently unable to discharge the conditions and would be grateful if the attached could be addressed.

I look forward to receiving further information from you.

Kind regards

Joanne
