With regard to the planning permission regarding the above application.

Having had previous experience of such structures, we are concerned regarding stated usage. In our experience these have ended up being let out, used as air bnb,s and been extremely noisy.

In view of the proximity to our property, we have grave misgivings regarding this proposal.

Further it seems to lead to further applications for other residencies, spoiling the environment.

As such we would like you to consider our appeal.

Many thanks
