Dear Sir/Madam,

I wish to raise a concern with regard to the above planning application. Apologies for the late submission [REDACTED]

I live next door to the applicant at 3 Munnion Road. I have no issues with the front porch application or the single story extension, however the loft conversion is a concern. It would appear that the windows in the conversion would look directly into our rear garden, greatly reducing our privacy.

Please consider this when making your decision.

Thank you
