ARCHAEOLOGICAL ADVICE

RE: Land West Of Selsfield Road, Ardingly

The application is for a Reserved Matters application for consideration of consider all outstanding matters (layout, scale, landscaping and appearance) in respect of outline planning permission DM/22/1575 (and the subsequent variation of conditions 2 and 11 through permission DM/23/3250).

I have no comments of the specifics of this Reserved Matters application.

Condition 3 of the outline application requires the undertaking of a programme of archaeological trenching (followed by mitigation if appropriate) on the development site. This should be followed by the submission and approval of a report detailing the results of the archaeological work.

This work has yet to be undertaken, and as per Condition 3, should be undertaken prior to the commencement of any development works. This office is available to liaise with the applicant/their appointed contractor on the specific requirements of the archaeological work (and any mitigation, if required).
