Dear Catherine,

Thank you for consulting the Flood Risk and Drainage Team on the above application.

We understand the proposed application is for the installation of 3 no. external air source heat pump units along the rear elevation of the property.

We have no objection to the proposed development on flood risk grounds, subject to the development being built as per DRAWING NUMBER 8767-SF_HAYWARDS_HEATH-RIL-00-XX-DR-I-0023-ELEV-P3.

Drainage should be managed via Building Regulations and Building Control, as necessary if required.

Best Wishes
