Re: Discharge of condition nos 2, 4, 15, 16 and 24 to Variation of condition application DM/24/1253 - Land South of St Stephen's Church, Hamsland, Horsted Keynes

Dear Ms Williams,

As residents in Horsted Keynes, we are writing to register our objection to the external lighting scheme which has been submitted for the above development. This is totally out of character with the village where no such public lighting exists. Furthermore Horsted Keynes lies within the High Weald AONB which is meant to protect our dark skies from unnecessary light pollution. Additionally this would have an impact on nocturnal wildlife which have already been disturbed by this development.

Kind regards

[REDACTED]
Milford Place, Wyatts Lane, Horsted Keynes RH17 7AH
