Subject: Building site at rear of St Stephen's Church Hamsland HOrsted Keynes

[REDACTED]

Dear Ms Williams,

I have just had my attention drawn to the addition of street lighting to this development. Horsted Keynes has never had street lighting being in a dark night area due to its proximity to the Ashdown Forest. This is for the protection of wildlife which is prevalent within the village and is much appreciated by the residents.

I have lived in the village for over 50 years and have not missed street lights one bit, torches are not expensive

Yours sincerely
