Subject: Proposed planning application for Foxhole Farm Bolney, West Sussex

[REDACTED]
Application No: DM/26/1961
[REDACTED]

[REDACTED]ed many times to the proposal of digging up designated farmland, I feel I am once again wasting my time in pointing out the obvious downsides of this proposed development. The lack of infrastructure regarding the availability of doctors, dentists, local schools and the strain on the services of water and electricity are at breaking point. The entrance off a dangerous bend on a busy main road is questionable yet outline planning permission has been obtained . As my home backs onto this proposed development and will be next to the new footpath I will be most adversely affected. However much the residents of Bolney oppose the development of Foxhole Farm and how it will destroy the rural nature of the village, you will no doubt ignore the protests and continue to build under the pretext of providing a service for the neighbourhood. Thank you for your concern in this matter. Yours sincerely, [REDACTED]
