Subject: DM/26/3564 Highfields

Hi Jo

The submitted CEMP seems quite generic but does contain proportionate controls for dust suppression, demolition activities and artificial lighting. The noise section is limited in detail but commits the contractor to best practicable means and standard construction noise controls. On balance, I consider the document is sufficient to satisfy the requirements of the condition, subject to implementation in full throughout demolition and construction.

I have no objection to discharge of the relevant condition.

Regards

Nick Bennett
