Subject: Planning Application DM/25/0766 Land North of Clayton Mills Hassocks

[REDACTED]

To Mr. Andy Watt
The Planning Department
Mid Sussex District Council

Dear Sir,
Planning Application DM/25/0766 Land North of Clayton Mills Hassocks

I am writing to voice my strong objection to the above planning application.
The planned new bridleway from Hassocks to Burgess Hill will be an important link between the two communities for walkers and cyclists. The existing road link, Ockley Lane, is a narrow, very busy road much used by all sorts of motor vehicle and very dangerous for walkers and cyclists. The proposed delay in completion until the estate is almost fully occupied is highly irresponsible.

Yours faithfully
