Subject: Planning Application DM/25/0766 Land North of Clayton Mills Hassocks

[REDACTED]

To Mr. Andy Watt
The Planning Department
Mid Sussex District Council

Dear Sir,
Planning Application DM/25/0766 Land North of Clayton Mills Haassocks

I am writing to record my strong objection to the above planning application.
The new bridle way from Hassocks to Burgess Hill is an essential sustainable link between the two communities. The road link, Ockley Lane, is very busy with motor vehicles and is highly dangerous for pedestrians and cyclists. To put off completion of the bridleway until virtually the complete occupation of the development is surely quite unacceptable.

Yours faithfully
