Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application
Reasons for comment:	
Comments:	This follows the path of the multiple applications now coming through. The area can not sustain the intended growth. The infrastructure is already stretched beyond breaking point, schools at capacity, doctors / dentists likewise. Buses are infrequent if they are the only option. If not, it means increased traffic / pollution in the immediate area to get to the

local amenities, shops train stations etc because people will be forced to drive.

Kind regards
