Reasons for comment:	
Comments:	As a local resident of 30 years i have seen this town change and grow at an alarming rate. The need for yet another housing development on our green fields is alarming. Our roads are dangerous with potholes everywhere, constant traffic and pollution, not to mention the flooding due to our countryside being continually demolished. Nobody gives any thought to all the wildlife and trees that are destroyed in the process. Hose pipe bans that happen every year, dangerously low reservoirs that

already struggle with demand. Not to mention lack of services. Trying to get a Dr's appointment or dentist is nye on impossible and hospital's are bursting at the seams. This government is a joke and their keep building new houses policy on green belt land is destroying our countryside. I am strongly opposed to yet more houses that blight our landscape.

Kind regards
