TPO Details

Further Details	
Are you seeking consent for works to tree(s) subject to TPO	No
Are you wishing to carry out works to tree(s) in a conservation area?	Yes
If you know which TPO protects the tree(s), enter its title or number	
Please identify the tree(s) and provide a full and clear specification of the works you want to carry out	We have two conifers at the front of the property which restrict our drive way and also lean against our phone lines, meaning there's potential for damage in high winds. We'd like to remove these and replace with one smaller tree (i.e. acer) in the middle of the front lawn. We have one yew tree in our back garden which is 60% across our neighbours garden and restricting their light. Plus one stretched tree of unknown species (it was previously blocked by a large sycamore tree so has stretched) which has started to shed branches/rot a bit. Both trees are on the absolute limit of our boundary. We'd like to remove both of these and replace with an apple tree closer in garden to prevent encroaching on our neighbours light and potential damage to fences.

Additional Information

ADDITIONALINFORMATION	
For all trees	
Sketch plan clearly showing the position of trees listed in the previous question	Tree app.jpg 
For works to trees covered by TPO	
Please provide a reason why you wish to perform these works	All trees mention were planted way to close to the property boundaries (by previous owners), and are all starting to lean /shed/imped on light or property of our neighbours. We'd like to remove them, and replace with smaller species, a more respectful distance from the properties boundaries.
Condition of the trees(s)	No

Advice/Diagnostics	
Alleged damage to property	No
Report/Evidence	
Are you providing separate information?	No
Please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application.
