26.06.2025

For and on behalf of the Mid Sussex Area Bridleways Group (MSABG).

Dear Sir/Madam,

We would like to object once again to this latest application as we still believe that the proposed changes have not adhered to the recommendations of the District Plan and the Government's initiative that "all new developments should be accessible to all".

The developers have not considered equestrian use in the early planning stage of this section.

Horse riding and driving have considerable health benefits and horse riders should not be prevented from enjoying open air exercise and recreation by the failure to produce safe, inclusive and connective routes.

Yours faithfully,

A solid black rectangular box used to redact the signature of the sender.
