**SPECIALIST ARCHAEOLOGICAL ADVICE**

Dear Joseph,

**RE: DM/25/0082 - Discharge of Planning Condition 11 (Archaeology) for Phase 1B (P1.3) relating to application DM/18/5114 Burgess Hill Northern Arc**

Thank you for consulting the Historic Environment Advisor to Mid-Sussex District on the above discharge application.

| No historic environment objections                  |   |
| Recommended Approval subject to attached conditions |   |
| Further information required                        |   |
| Recommend partial discharge condition               | X |

The submitted Written Scheme of Investigation suitably outlines the methodology and archiving requirements of a scheme of archaeological trenching on land parcel 1.3. As a result, I am happy to recommend the partial discharge of Condition 11, to allow the archaeological work to be undertaken.

The remainder of Condition 11 should not be discharged until the completion of the scheme of archaeological work on land parcel 1.3 and the implementation and completion of a mitigation scheme for any archaeological remains exposed (as appropriate).

If you have any further questions please do not hesitate to contact me.

Yours sincerely

Mark Baister, BA MCIfA
