Comments Details

Commenter Type:	Neighbour or general public
Stance:	Customer objects to the Planning Application

Reasons for comment:

Comments:	This does not make clear whether you are objecting to the objection of the signage or whether you support the objection or the signage itself. I totally object to the signage of the above premises. It certainly does not look good in our town in fact it looks more like we are becoming Crawley. This is the second vape shop in as many months with tacky, brash and unnecessary signage and frontage of the shop premises which in itself encourages the youth to explore more. It needs to be changed to something more subtle or completely
-----------	---

taken away to sell Vapes. I cannot believe the council has agreed to this in this current Climate

Kind regards
