Reasons for comment:

Comments:	The yellow and black sign is not in keeping with other shop signs and does not blend in. There are flats above and the illuminated sign may affect the light pollution in their homes. It is a corner property so does not need an illuminated sign. Also, in 2016 usage was changed from A1 retail to A3 coffee shop, therefore they are not permitted to operate as a retail premises. We do not need any more vape / energy drink/ mini markets. Iceland is next door, a supermarket which sells all of those

products till 8pm. There is already another 2 convenience stores on South Road currently. We do not need any more. Thank you.

Kind regards
