

1843 Tithe Map showing land owned by John Wood of Ockely Manor. A building in the position currently occupied by Gurrs Croft is highlighted in the red box and shows the building is outside of the Manor grounds.

[First Edition, Ordnance Survey 1881 also shows a building in the same position](#)

By the time of the 3rd revision of the Ordnance Survey in 1937 the property has been developed further with other buildings around it as well
